

About Not Forgotten LLC

Not Forgotten was founded in Baltimore, Maryland in 2011. Not Forgotten's sole purpose is to make sure that the inmate is not forgotten by their loved ones or the world in general. We put forth the upmost efforts in maintaining or revitalizing the relationships between the incarcerated and the free world they temporarily left behind. We are unique in our services because we direct the offender and his family to the means to progress and uplift as well as provide assistance in the process.

Goals to Success:

- Assist inmates in use of available programs to re-enter the workforce.
- Ensure continual communication between inmates and loved ones to preserve relationships
- Provide services that will make the stress of being incarcerated more manageable to cope with.
- Provide services that allow the inmate to be productive and proactive while incarcerated.
- Educate the inmate to lessen the chances of returning.
- Provide a network of resources, education, and support for family and friends of inmates through our blog and resource directories.
- Help provide a second chance.
